WORMERY

Lottie cut the top off a big two-litre plastic bottle.

H2O

Worm food (dry leaves, some fruit and vegetable peelings)

Some worms from Lottie's garden

Soil

Garden sand

Soil

Small rocks
Water spritzer: Worms need water every day, but not too wet or they might drown.

NOTE: Lottie recycled the bottle.

Worms like it dark!
Lottie wrapped a sheet of dark paper around her wormery.
